Are indersed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are A SURE PRE-VENTIVE for Feverand Ague, intermittents, Billocaness, and all disorders arising from Missmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetiser and Recuperant, and in cases of General Debility they have never in a single instance falled in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind, and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indersed by the medical fractulity as the best known to the Pharmacoposia. It costs little to give them a fair trial, NOTICE. Every Family Should Have a Bettle. We ask every one to read the following certificates from many of the most eminent physicians in the country:

St. Louis, July, 1876.—Jamfis A. Jackson & CO.: Gentlemen—As you have communicated to the medical profession the recipe of the "Home Bitters." It cannot, therefore, be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachile, Carminative and slightly Laxative. The mode of prepareing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.

Situated as it is in the mountains of the Valley, it is not only one of the most delightful Summer resorts in the State, but its great curative properties are becoming widely celebrated.

The analysis of the water by Prof. Mallett, of the University of Va., together with the experience of many aminent Physicians prove that it is "the Springs" for suffering lemaies, but besides its wonderful tomic properties as a remedy in general debility, anomia and diseases peculiar to famale, it is unsurpassed in the treatment of the various forms of Dyspepsia, and particularly for those suffering from torpid and inactive liver, its action upon the fiver, as well as the kidney, being prompt and decided. Very many remarkable cures could be cited of this class of troublesome diseases.

Rawley is new easy of access, alimated only twelve miles from tharrisonburg, the present terminus of the Orange and Manassas Gap Hailroad from which point there will be two daily lines of Stages, morning and evening.
